THE WAY TO A MAN'S HEART.
She didn't ride.
She didn't drive.
She didn't swim.
She didn't strive.
To be an athlete;
Nor was she
A figure
In society.
She didn't dance.
She didn't flirt.
She didn't try
To be expert
In art and books;
She didn't train
A bulldog
On a silver chain.
She didn't golf.
She didn't row.
She didn't take in
Every show;
She didn't give
Her purse distress
By straining it
On too much dress.
She didn't play.
She didn't sing.
She wasn't up
On everything;
But men and women
Understand
That she could cook
To beat the band.

UNFORTUNATE ACCIDENT

Three-Year-Old Child Run Over on C. and O. Last Evening

Last evening about 6:30 an unfortunate accident occurred in East Third street between Amazon Fire Hall and the ice factory, in which Edna, the three-year-old child of Ed. Lee, colored, lost its life.

The child was crossing the railroad track on its hands and knees, going over to a family named Young opposite its parents' home, and when about to pull itself off the rail a loose engine returning from the Coal Docks caught it and cut a leg off just below the knee, the little sufferer dying in two hours after the injury.

The father, Edward Lee, is an employe at the Maysville Ice Factory, and was standing on the platform of the plant and witnessed the horrible sight, but was too far distant to render aid to his imperiled child.

He was the first, however, to reach the spot and picked his babe up in his arms. Others relieved him of his burden and carried it to the home, where it died as above stated.

The accident was unfortunate and distressing, but there are mitigating circumstances withal.

THE STATE TEACHERS
Meeting of This Representative Body in Maysville in June

The call of Superintendent C. D. Wells for a meeting of the teachers Saturday last was not very heartily responded to, there being only 14 teachers present, many of whom are teachers in the city schools.

The purpose of the meeting was to discuss plans for the entertainment of the K. E. A. which meets here June 21st to 23d.

No one could do more than Mr. Wells has done to get the teachers together, but it seems impossible, owing to the fact that many of the teachers who reside at a distance are now at their homes, while many others are attending summer schools in various parts of the country.

Only about three weeks now remain until teachers from all parts of Kentucky will be assembled in Maysville, and it remains for the teachers and citizens of Maysville to show the visiting teachers, representing as they do the most intelligent class of people in the state, that they can be as royally entertained here as in any city in the commonwealth, and to that end the Board of Trade has kindly donated the use of the Opera-house, and the teachers have contributed 10% of one month's salary.

Now if the citizens of Maysville see fit to lend a helping hand to a worthy cause, there is no reason why the meeting should not be a success.

Another meeting is called for Saturday, May 21st. It is very necessary for every teacher to be present, especially the Committees which are as follows—

Executive—C. D. Wells, Chairman; G. H. Turpin, W. R. Chandler, E. L. Gillis, Jessie Allison, Ethel McMillan, C. L. Martin.

Decorative—C. L. Martin, Chairman; Eleanor Wallace, Arthur Mitchell, Ella Metcalfe, C. D. Wells.

Local Program—E. L. Gillis, Phoebe Waller, Daisy Greenwood, Sallie Burrows, W. R. Chandler, H. C. Curran.

Reception—G. H. Turpin, Allie Wells, Jessie Allison, Ethel McMillan, Elizabeth Vandersdale, Jessie Yancy, W. H. Rees, Nettie Roe, Hattie Broshers, E. Regenstein, Violet Graham, Mary E. Dickson, W. T. Berry, Marian Wormley.

Entertainment—H. C. Curran, John Dudley and all of city teachers.

In sustaining a demurrer to the petition of the State Fair officials against the Owensboro guarantors for a deficit of \$12,000, Judge Birkhead holds that the plaintiff must first ascertain the loss from its books, pay it and then prorate it and make a demand on each guarantor. The case will be appealed.

"Where Do All of Your Customers Come From, Anyhow?"

Asked some one in our house last Saturday. Well, "it DID look a little crowded." Many of our customers, however, waited patiently until we found time to wait on them. Why should you not come to the great HOME STORE for your Clothing, Shoes, etc.? No other house in the state shows such a variety of good merchandise. Here you find the choicest productions of the Stein-Bloch Co., L. Adler Bros. & Co., and the greatest line of Young Men's Suits made by Garson-Meyer & Co. To those who wear clothes made by above firms we need say nothing. You who have not worn them are the fellows we are after. Come in and try on a suit. We want to show what kind of clothes you should wear. "DON'T BE AFRAID OF THE PRICE," they won't cost you more than the ordinary run of clothes. THE Louisville Post tells how the trick was turned in the recent so-called Democratic Congressional Convention at Lexington, which took several hundred ballots before any one was nominated. The Post says SOUTH TRIMBLE is again to represent in Congress a clique of Democratic

politicians who are undertaking to regulate political affairs in the Seventh District and elsewhere according to their personal desires.

This is altogether fit. If the Seventh District is to remain under the control of the machine Mr. TRIMBLE is the man for Congress. His avowed indifference to the obligations which restrain men in the conduct of party elections brought him great distinction prior to the meeting of Music Hall Convention, and no one more fully represents the present oligarchy than Mr. SOUTH TRIMBLE.

Not only is the Democratic party fortunate in its candidate for Congress in the Seventh; it is especially fortunate in the Convention and in the daily proceedings of the Convention, and fortunate in the climax.

By some blunder the Convention nominated Mr. CAMPBELL CANTRILL. The result was announced by the Secretary. The Chairman delayed until a conference could be held by the nominee and the present Congressman and some others. After that conference Mr. CANTRILL declined the nomination—of course in

the "interest of harmony," and then the delegates so-called gave the nomination to TRIMBLE.

It is announced from Lexington that the "agreement" is that TRIMBLE is to throw his support to Judge CANTRILL for Judge of the Court of Appeals, and that KIMBALL is to be Congressman two years hence.

Of course the voters will not be consulted about the division of the territory of New Gaul into three parts.

After all this was arranged Mr. TRIMBLE called on all Democrats to support PARKER. That was natural. The Convention had reeked with Hillism; with the kind of politics which has so distinguished the gentleman who discovered PARKER, and the final utterance from the body was naturally enough an oath of allegiance to the new dynasty which HILL has set up in the East.

THE Indiana Supreme Court has just administered a rebuke to the politicians who engineered the state gerrymander of 1903, which was notoriously unfair. The Supreme Bench decides that the apportionment is unconstitutional, and the law of 1897 will be operative until the next Legislature does the work over again. With the beginning our own Court of Appeals has made in the Beckham county case, there might be some hope of undoing a lot of this unconstitutional gerrymandering in Kentucky.

WHEN Miss MARGARET INGELS of Paris went to Richmond several years ago to make political speeches in favor of BRYAN and free silver, the house wouldn't hold all who wanted to hear her. A few evenings since she was to appear there at the head of an excellent dramatic company, and at 9 o'clock she stepped on the stage and dismissed the audience of fifteen. The good lady was no doubt given an impressive lesson that politics is one thing, business quite another.

Baking Powder Economy

It's downright economy to pay a fair price for the baking powder you use—a price that buys an absolutely pure cream tartar and soda powder. Such powder leavens better and diminishes the probability of failure in baking. But the chief economy lies in its harmlessness. Alum or ammonia powders are always injurious, and their harm comes so gradually that one doesn't suspect the cause.

CHENOWETH'S BAKING POWDER is always fresh, always pure and always alike in leavening strength. It is a cream tartar and soda powder that costs you as little as such powder can be sold for. To pay more or less is extravagance.

Mrs. Anderson, Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen many cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."

—Mrs. R. A. ANDERSON, 225 Washington St., Jacksonville, Fla. — \$5000 forfeit if original of above letter proving genuineness cannot be produced.

No other medicine for women has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

"Strong—Calm—Cheerful"

"I Feel All Right As Soon As I Take a Little of the Great Remedy—It Cured Me in a Few Days."

PAINE'S CELERY COMPOUND.

IT GIVES ALMOST INSTANT EFFECT.

"As soon as I take a little of Paine's Celery Compound I feel all right—calm, strong and cheerful. I have told many a friend how it cured me in less than a week when I had a constant sickness and weakness, and was totally unfit for active work. The first day I took Paine's Celery Compound the great improvement began."—G. W. Berry, Galesburg, Ill.

Paine's Celery Compound, the celebrated Nerve Vitalizer and Tonic, cures quickly—braces and invigorates at once. No other remedy in the world is like it. All doctors know its famous formula, discovered by the great scientist of Dartmouth University, Professor Edward E. Phelps. No other remedy has stood so firmly the searching test of time. No other remedy can point to so many and such marvelous cures.

Go to your Druggist TODAY—Get one bottle of Paine's Celery Compound—See how DIFFERENT it will make you feel.

Talk Now of Making Manchester the Southern Terminus

C. W. Simonson, a thorough railroad man, being connected with over 250 miles of traction line, is stopping at the New Central. Mr. Simonson is interested in the Chillicothe, Bainbridge and Aberdeen Railway. He is here looking after the interests of this new line.

When the Company puts two men with the experience of Dr. A. A. Luther, who is the General Manager, and Mr. Simonson on one line it looks like they mean business.

Mr. J. E. North, Superintendent of Transportation and Motor Power of the Appleyard Syndicate, and who is also connected with this road, will be here in a few days to assist Dr. Luther and Mr. Simonson.

These gentlemen will meet with the business men of West Union tonight and Manchester tomorrow night.

In a conversation with The Ledger representative the General Manager said that they might make Manchester the terminus of the road for an indefinite period.

BRAHM VAN DEN BERG.

This artist was born at Cologne, on the Rhine, in 1876. At the age of five he was taken to Antwerp and there received his education, his first piano teacher being M. Edward Kurwelds, present director of the National Opera, at Antwerp. At the age of twelve he played in many concertos and received recognition from many European critics. While a very young artist he was engaged for a series of concertos in London, Paris, Amsterdam, Brussels, Liege, and elsewhere. While on this tour he met Saint-Saens in Paris, and that composer was so impressed with the young Belgian's playing that he invited him to his own home, where he had for a time the benefit of this great musician's personal tuition. Appearing later before the King of Belgium at his palace he became a protégé of the King and Queen, completing his musical education under such eminent musicians and teachers as Josef Wieniawski, Peter Benoit, Jean Blockx, Tilborghs, and Leschetizky, and afterwards made an important and successful concert tour.

In 1896 Mr. Van Den Berg returned to Antwerp, taking the position of first conductor in the National Opera, succeeding his former teacher, Edward Kurwelds, who had recommended him for the position which he held for two seasons. He then became conductor at the Grand Opera-house in Algiers, where he remained until 1900, producing about this time an opera of his own composition which was well received.

Mr. Van Den Berg has written many compositions in varied style, and his musical temperament is intensely impressive.

Mr. Van Den Berg will appear at Washington Opera-house Monday, May 23d. Reserved seats free.

The average price of agricultural land in Russia is \$14 an acre.

A coffee trade journal is authority for the statement that the quantity of coffee yearly bought and sold in the world's trade is worth \$255,000,000, which probably corresponds to a net yield from over 1,800,000,000 coffee trees in full bearing.

Australia is not prominently either an agricultural or manufacturing country, but the greater portion of the land is devoted to grazing, the native grasses and shrubs being rich and abundant, and in favorable seasons affording, during the winter and summer, ample pasturage to keep cattle fat.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today." That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Hoesche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble.
